INDEPENDENT AUDITORS' REPORT

Board of County Commissioners Otero County, Colorado La Junta, Colorado

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Otero County, Colorado, (the County) as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

telephone: (719) 630-1186

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County as of December 31, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Comparative Actual Information

We have previously audited Otero County's 2013 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated July 2, 2014. In our opinion, the comparative actual information presented herein as of and for the year ended December 31, 2013 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Report on Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4 through 23 and pages 50 through 54, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Report on Other Supplemental Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund statements and schedules and the Local Highway Finance Report are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for the purpose of additional analysis as required by the U.S. Office of Management and Budget Circular *A-133*, *Audits of States, Local Governments, and Non-Profit Organizations* and is also not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit and the procedures performed above, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

We also have previously audited, in accordance with auditing standards generally accepted in the United States of America, Otero County's basic financial statements for the year ended December 31, 2013, which are not presented with the accompanying financial statements and we expressed unmodified opinions on the respective financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information. That audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Otero County's basic financial statements as a whole. The combining and individual fund financial statements and schedules, related to the 2013 financial statements for the year ended December 31, 2013, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2013 basic financial statements. The information has been subjected to the auditing procedures applied in the audit of those basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2013 combining and individual fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements from which they have been derived.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 22, 2015 on our consideration of Otero County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Otero County's internal control over financial reporting and compliance.

Stockman Kast Ryan & Co., LLP

July 22, 2015

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

The management of the County of Otero (the County) offers readers of the County's annual financial report this narrative overview and analysis of the financial activities of the County for the fiscal year ended December 31, 2014. Readers are encouraged to consider the information presented here in conjunction with the basic financial statement information.

FINANCIAL HIGHLIGHTS

County-wide financial statements as of December 31, 2014:

- Assets of the County exceed its liabilities and deferred inflows of resources by \$22,935,786. The County's unrestricted net position of \$9,273,599 may be used to meet the County's on-going obligations.
- By far, the largest portion of the County's net position is its \$11,515,486 investment in capital assets net of accumulated depreciation and related debt.
- The County's debt from capital lease obligation on December 31, 2014 is \$40,023.
- The restricted net position includes \$275,524 required by TABOR, the emergency contingency required by Article X, Section 20 of the Colorado Constitution.

Fund Financial Statements as of December 31, 2014

The County's *governmental funds* reported a combined ending fund balance of \$11,598,261 including the following major funds: General Fund with \$4,336,711; Road & Bridge Fund with \$3,048,774 (includes \$128,825 in inventory); Social Services Fund with \$804,428; Capital Improvement Fund with \$999,674; and General Human Services with \$148,884. Other governmental funds accounted for \$2,259,790. Of the total government fund balances, \$2,830,788 is unassigned. Committed funds include \$265,501 from the General Fund; \$2,919,949 from the Road & Bridge Fund; \$804,428 from the Social Services Fund; \$999,674 from the Capital Improvement Fund; \$148,884 from the General Human Services Fund and \$1,353,511 in other governmental funds. Restricted funds include \$1,240,422 from the General Fund and \$906,279 in other governmental funds.

Overview of the Financial Statements

This discussion and analysis serves as an introduction to Otero County's basic financial statements. The County's basic financial statements consist of three components:

- 1. County-wide financial statements,
- 2. Fund financial statements, and
- 3. Notes to the financial statements. This report also contains required and other additional information in addition to the basic financial statements.

County-Wide Financial Statements — The County-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to private-sector business. They consist of two statements:

- 1. The *Statement of Net Position* presents information on all of the County's assets, deferred outflows, liabilities and deferred inflows, with the net difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.
- 2. The *Statement of Activities* presents information reporting how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods. Earned but unused vacation leave and accrued interest expense are examples of these types of items.

Both county-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include tax assessment and collection, recording, voter registration/elections, law enforcement, incarcerations, land use, road and bridge activities, and general administration and support. Only those activities associated with the 911 Otero County Emergency Telephone Authority (a component unit) are considered to be business-type activities.

The county-wide financial statements include not only the County itself (known as the *primary government*), but also the 911 Otero County Emergency Telephone Service Authority. Financial information for this component unit is reported separately from the financial information presented for the primary government itself. In addition, the County is participating in a joint venture with Otero County Landfill, Inc. (OCLI).

Fund Financial Statements — A *fund* is a grouping of related accounts used to maintain control over resources segregated for specific activities or objectives. The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All County funds can be divided into three categories:

- Governmental funds,
- Proprietary funds, and
- Fiduciary funds.

Governmental Funds — Governmental funds account for essentially the same functions reported as governmental activities in the county-wide financial statements. Unlike the county-wide financial statements, however, governmental fund financial statements focus on how money flows into and out of those funds and the balances at year end that are available for spending. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other financial assets that can readily be converted to cash. Such information provides a detailed *short-term* view of the County's general government operations and may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the county-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the county-wide financial statements. By doing so, readers may better

understand the long-term impact of the County's near-term financing decisions. To facilitate this comparison between governmental funds and governmental activities, reconciliations are provided for both the *governmental fund* balance sheet and statement of revenues, expenditures and changes in fund balance.

The County reports twelve individual governmental funds. Information is presented separately in the *governmental fund* balance sheet and the statement of revenues, expenditures and changes in fund balance for the General Fund, Road & Bridge Fund, Social Services Fund, Capital Improvement Fund, and General Human Services Fund, all of which are considered to be *major funds*. Data from other governmental funds are combined into a single aggregated presentation. Individual fund data for each of the *non-major* governmental funds is provided in the form of *combining statements* elsewhere in the report. The non-major governmental funds include the Insurance Fund, Clerk Hire Fund, Conservation Trust Fund, Health Fund, Area Agency on Aging Fund, Small Business Development Revolving Loan Fund and Otero County Land Trust Fund. The County maintains one *other fund*. Due to the implementation of GASB 54, the Contingent funds did not meet the definition of a special revenue fund and was combined into the general fund.

Proprietary Funds — The County maintains two types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the county-wide financial statements. The County uses an enterprise fund to account for the 911 Otero County Emergency Telephone Authority's (component unit) activities. *Internal service funds* are used to accumulate and allocate costs internally among the County's functions. The County uses an Internal Services Fund to account for the provision of equipment provided by the County for its various departments. Departments utilize a rental charge reimbursement rate to provide the resources necessary to fund future acquisitions. In addition, a Medical Trust Fund is utilized to provide health coverage for its employees. Because these two internal service funds predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the county-wide financial statements.

Fiduciary Funds — Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reported in the county-wide financial statements because the resources of those funds are not available for the support of the County's own programs. The accounting used for fiduciary funds is the same as that used for proprietary funds.

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the county-wide and fund financial statements.

Required Supplemental Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplemental information concerning the County. The County adopts an annual appropriated budget for all funds. A budgetary comparison schedule has been provided for the General Fund and each major special revenue fund to demonstrate compliance with the budget requirement

Other Information

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplemental information.

Financial Analysis – Statement of Net Position

- 1. Restricted net assets are made up of statutory reserves of \$275,524 for emergencies required by TABOR.
- 2. The component unit of government is comprised of the E911 Emergency Telephone reporting system. The financials are tracked under Otero County as it serves as the fiscal agent for the E911 Authority Board.
- 3. Based on current allocation, the County's share of the costs developed for the Landfill closure and post closure represent approximately 50% of the estimated \$2,896,000 allocated among the participating entities amounting to \$1,435,909. The majority of this cost is due to the calculations related to quantities of dirt needed for final cover, continuation of monitoring (water/methane), and other associated costs due to new regulations or practice.

Financial Analysis – Statement of Activities

- 1. There was an increase in current year in the County's primary government net position of \$1,503,422 or 7.1%. This is primarily due to an increase in revenues in the County specific ownership tax, property taxes, payment in lieu of taxes, highway user tax, other taxes and operating grants. Lingering impacts of a poor economy, state funding cuts, and continued drought impacts will require the County to continue to closely scrutinize its financial posture due to shrinking revenue streams and increasing expenses.
- 2. The E911 Emergency Service decreased 2.9% in Net Position for fiscal year 2014, however continues to exhibits a strong financial picture. Currently, a \$.70 per line surcharge is collected for the E911 system, and its governing board continues to maintain as well as upgrade its E911 level of service.

ANALYSIS OF POSITION

The overall financial position of the County improved during 2014, due to a decrease in overall expenditures. Public Works (\$521,041 decrease) and General Government (\$26,468 decrease) expenditures accounted for the majority of the expenditure decreases in 2014.

Net capital assets for the Governmental Activities, the Business-Type Activities and component unit combined decreased by \$253,574.

GOVERNMENTAL FUNDS

GENERAL FUND

The General Fund is the major operating fund of the County, providing the majority of the resources for operating and support programs. Revenues and other financing sources for the General Fund totaled \$5,117,307 in fiscal year 2014, a decrease of 0.4% from fiscal year 2013. The County experienced a decrease of 81.5% in fines and forfeitures, 1.1% in property taxes, and 10.8% in charges for services in fiscal year 2014.

	Fiscal Year 2014	Fiscal Year 2013	Increase (Decrease)	Percent Change							
TAXES											
Property and other taxes	\$ 1,804,638	\$ 1,823,833	\$ (19,195)	-1.1%							
Specific ownership taxes	374,222	372,022	2,200	0.6%							
Sales tax	1,477,904	1,478,661	(757)	-0.1%							
Total taxes	3,656,764	3,674,516	(17,752)	-0.5%							
Intergovernmental	883,214	804,251	78,963	9.8%							
Charges for services	409,534	458,957	(49,423)	-10.8%

Schedule of Revenues and Other Financing Sources (General Fund)

Property Taxes — The General Fund mill levy was decreased to 13.794 mills in fiscal year 2014 from 2013. The 0.250 mills allocated to the Contingency Fund in the past was moved to the Capital Improvement Fund in 2014. The fiscal year 2014 mill levy was applied against an assessed valuation of \$130,882,845. The fiscal year 2013 mill levy was applied against an assessed valuation of \$126,646,486. The property tax mills levied for both years are in compliance with the restrictions of Article X Section 20 of the Colorado Constitution (TABOR).

Specific Ownership Tax — A specific ownership tax is applied to the fair market value of vehicles registered in Colorado. The tax is collected when vehicle owners renew their registrations each year. There was a 0.6% increase in specific ownership tax collections in fiscal year 2014.

Sales Tax — The County has a 1.0% sales tax in place. The \$1,477,904 generated in fiscal year 2014 represented an actual decrease of 0.1% over fiscal year 2013. Sales tax collections for the current year had a direct correlation to economic condition of the State of Colorado and local purchasing.

Intergovernmental — This category includes federal, state and local sources, as well as Payment-In-Lieu of Taxes (PILT) on federal, state and other governmental lands. In addition, cost allocation (indirect cost reimbursement), grant funding, and other miscellaneous types of governmental revenue.

The primary source of federal revenue is Payment-In-Lieu of Taxes (PILT) on federal lands. The federal government increased the allocation to the County. The County allocated \$449,423 to the General Fund in fiscal year 2014. This represents the total PILT from all federal lands, a 8% increase from fiscal year 2013.

Charges for Services — This category of revenue includes the various types of fees generated through the Land Use office, County Clerk, Treasurer, Assessor and Administration. Examples include excess fees generated by the County Clerk and Recorder for election or recording fees, jail work release revenues, photocopy charges and map charges. Overall, there was a 10.8% decrease in revenue.

Fines and Forfeitures —This category decreased by 81.5% in fiscal year 2014. The decrease was primarily due to a change in how retirement forfeitures are posted in the general ledger.

Investment Income — Investment income consists of those funds generated through its investment program. There was a decrease of \$17,474 or 22.2% over fiscal year 2013. The County will continue to re-evaluate the investments being held. The investment policy continues to be in review for 2015.

Miscellaneous — The "Miscellaneous" category includes rent payments for space, as well as any miscellaneous receipts. There was a decrease in fiscal year 2014 of \$2,628 or 2.5%, and this "catch all" revenue source will fluctuate on an annual basis.

Other Financing Sources — This category includes interfund transfers and extraordinary items.

(General Fund)								
	Pecentage of Total	Fiscal Year 2014		Fiscal Year 2013		Increase (Decrease)		Percent Change
Current:								
General government	57.0%	\$	2,668,738	\$	2,554,938	\$	113,800	4.5%
Public safety	35.5%		1,663,952		1,609,130		54,822	3.4%
Public works	3.1%		146,910		147,234		(324)	-0.2%
Public health and welfare	1.4%		65,973		45,958		20,015	43.6%
Culture and recreation	0.5%		23,880		25,102		(1,222)	-4.9%
Economic development	1.5%		67,342		94,273		(26,931)	-28.6%
Debt service:								
Principal	0.8%		38,649		37,322		1,327	3.6%
Interest	0.2%		9,000		10,864		(1,864)	-17.2%
TOTAL - EXPENDITURES	100.0%	\$	4,684,444	\$	4,524,821	\$	159,623	3.5%

Schedule of Expenditures (General Fund)

General Government — Expenditures in this category increased \$113,800, about 4.5% from fiscal year 2013.

Public Safety — Public safety expenditures for fiscal year 2014 increased by 3.4%.

Public Works — In fiscal year 2014 the Land Use and Building Inspector costs showed a slight decrease of 0.2% due to minor changes in operational support expenses.

Health and Welfare — The expenditures for health and welfare vary, as the inclusion of EMS subsidy funds within this category allow for an increase or decrease in expenditures, depending on the approved requests of the various EMS providers. In addition, the match for our local nutrition program is carried here, and varies based on the required levels of funding. In fiscal year 2014, there was an expenditure increase of 43.6%.

Culture and Recreation — Culture and recreation expenditures for fiscal year 2014 decreased by 4.9%. The decrease was a result of fluctuation of costs in the operation of the Senior Centers of Otero County assumed by the General Fund.

Economic Development — Economic development expenditures decreased by 28.6%. The nature of specific economic development projects and the level of County participation will always dictate the amount of expenditure.

Debt Service — Debt service payments had slight changes from the prior year.

Overall — Total expenditures increased by 3.5%, (\$159,623) from fiscal year 2013 to fiscal year 2014. The main reasons were increased costs in general government and public safety in fiscal year 2014.

Fund Balance Re-Cap (General Fund)

	Fiscal Year 2014		Fiscal Year 2013			Increase	Percent Change
FUND BALANCE, Beginning of year	\$	3,959,848	\$	3,400,545	\$	559,303	16.4%
FUND BALANCE, End of year		4,336,711		3,959,848		376,863	9.5%

Fund Balance — The fiscal year 2014 year-end fund balance increased by \$376,863 or 9.5%. A strong effort has been made to monitor costs and develop any revenue streams available.

MAJOR SPECIAL REVENUE FUNDS

ROAD & BRIDGE FUND

The Road & Bridge Fund, like the General Fund, is considered a major operating fund for financial reporting purposes. Total revenues and other financing sources for the Road & Bridge Fund totaled \$2,791,262 while expenditures totaled \$2,449,716. Revenue and financing sources included taxes of \$655,637; intergovernmental revenues of \$1,731,321 which includes federal and state sources; charges for services of \$312,632; and miscellaneous and other financing sources of \$91,672. The ending fund balance of \$3,048,774 includes inventory of \$128,825 and reflects a 12.6% increase in undesignated fund balance (available resources). The fiscal year 2014 financials also reflect the inclusion of construction/operational expenses for solid waste disposal, i.e. the landfill.

Schedule of Revenues and Other Financing Sources (Road & Bridge Fund)

	Fiscal Year 2014		F	iscal Year 2013	 Increase Decrease)	Percent Change
TAXES						
Property and other taxes	\$	543,195	\$	525,243	\$ 17,952	3.4%
Specific ownership taxes		112,442		107,354	 5,088	4.7%
Total taxes		655,637		632,597	 23,040	3.6%
Intergovernmental		1,731,321		1,509,472	221,849	14.7%
Charges for services		312,632		770,538	(457,906)	-59.4%
Miscellaneous		29,320			29,320	-
Other financing sources		62,352		7,943	 54,409	685.0%
TOTAL	\$	2,791,262	\$	2,920,550	\$ (129,288)	-4.4%

Property Taxes — There was a slight increase in fiscal year 2014 property tax collections of \$17,952 or 3.4%. The mill levy of 4.154 mills was unchanged from fiscal year 2013.

Specific Ownership Tax — A specific ownership tax is applied to the fair market value of vehicles registered in Colorado. The tax is collected when vehicle owners renew their registrations each year. There was a 4.7% increase in specific ownership tax collections in fiscal year 2014.

Intergovernmental — This category includes federal, state and local sources. The overall category change was a \$221,849 increase in this intergovernmental revenue stream. There were increases and decreases in various intergovernmental funding, but the primary increase is due to higher Highway Users tax revenue received in fiscal year 2014.

Charges for Services — This category of revenue includes the sale of gravel, service charges associated with the landfill and other "billable" road/bridge projects. Overall, the \$312,632 amount represented an 59.4% or \$457,906 decrease in this revenue category. This is primary due to debt service that was paid off in 2013 by OCLI and is therefore not collected as revenue by the County.

Overall — Fiscal year 2014 revenues decreased by 4.4% or \$129,288, primarily due to the decrease in charges for services revenue.

Schedule of Expenditures (Road & Bridge Fund)

	Pecentage of Total	Fiscal Year 2014	Fiscal Year 2013	Increase (Decrease)	Percent Change
Current:					
Public works	86.91%	\$ 2,129,112	\$ 2,580,337	\$ (451,225)	-17.5%
Capital outlay	13.09%	320,604	92,751	227,853	245.7%
Debt service:					
Principal			289,608	(289,608)	-100.0%
Interest			11,362	(11,362)	-100.0%
TOTAL - EXPENDITURES	100.00%	\$ 2,449,716	\$ 2,974,058	\$ (524,342)	-17.6%

Public Works — This expenditure category is comprised of both Road & Bridge and landfill types of expenditures. In general operational terms, there was a decrease of \$451,225 or 17.5% in public works, which is primarily due to a decrease in operational expenses over fiscal year 2013.

Capital Outlay — The capital outlay amount reflects increased expenses for capital outlay in 2014 resulting in an increase of 245.7% or \$227,853 compared to fiscal year 2013.

Debt Service — Both principal and interest are combined within this specific category. The "Debt Service" section denotes those funds paid to Wells Fargo on a capital lease arrangement for the landfill excavation equipment. This is the annual payment on a 10-year note. This section also denotes funds paid to First National Bank on a capital lease arrangement for the landfill compactor equipment. This is the annual payment on a 7-year note. Both of these capital leases were paid off in 2013.

Overall — The fiscal year 2014 expenditure decrease of \$524,342 is primarily due to paying off two capital leases in 2013, as well as a decrease in operational expenses.

Fund Balance Re-Cap (Road & Bridge Fund)

	F	iscal Year 2014	F	iscal Year 2013	_	Increase Decrease)	Percent Change
FUND BALANCE, Beginning of year	\$	2,707,228	\$	2,760,736	\$	(53,508)	-1.9%
FUND BALANCE, End of year		3,048,774		2,707,228		341,546	12.6%

Inventory Reserve — The fiscal year 2014 year-end balance includes \$128,825 in inventory reserve. The committed fund balance is \$2,919,949.

Fund Balance — This figure represents a 12.6% increase in fund balance for the year. In general operational terms, this is primarily due to a decrease in expenditures and paying off two capital leases in fiscal year 2013.

~~~~~

#### SOCIAL SERVICES FUND

The Social Services Fund is a major fund, and total revenues of \$11,873,714 were generated. Total expenditures of \$11,823,690 were noted, leaving a year-end fund balance of \$804,428 (increase of \$50,024 from fiscal year 2013). During fiscal year 2014 pass-through grants from federal and state agencies were included in County reporting as revenues and expenditures in the amount of \$9,318,852. The mill levy of 3.00 mills was unchanged from fiscal year 2013.

The County experienced a \$562,537 or 5.2% increase in overall revenues from fiscal year 2013. Here again, the County is concerned with utilizing its fund reserves to pay for administrative and other program costs that exceed its state allocations or are a component of our Maintenance of Effort. The County would like to retain a Fund Balance in the Social Services Fund at approximately \$700,000. Realizing that Social Services Fund balance had increased from 2012 to 2013, the County reduced the mill levy from 3.25 mills to 3.00 mills in the fiscal year 2013 budget. For 2015, the mill levy remains at 3.00 mills. It is the County's desire as well as need to reduce the Fund Balance to a more conservative figure as other County functions/departments needed resources.

Schedule of Revenues

| Intergovernmental        |    | 11,400,208        |    | 10,837,671         |    | 562,537              | 5.2               | % |
| TOTAL                    | \$ | 11,873,714        | \$ | 11,295,091         | \$ | 578,623              | 5.1               | % |

**Property Taxes** — There was a 3.4% increase for property tax to the Social Services Fund in fiscal year 2014.

**Specific Ownership Tax** — A specific ownership tax is applied to the fair market value of vehicles registered in Colorado. The tax is collected when vehicle owners renew their registrations each year. There was a 4.2% increase in specific ownership tax collections in fiscal year 2014.

**Intergovernmental** — This category includes federal, state and local sources. There was an increase of 5.2% or \$562,537 in revenues in fiscal year 2014.

# tax collect

#### (Social Services Fund) Pecentage **Fiscal Year Fiscal Year** Increase Percent of Total 2014 2013 (Decrease) Change Current: 100.00% \$ 11,823,690 \$ 11,264,209 Public health and human services \$ 559,481 5.0% **TOTAL - EXPENDITURES** 100.00% \$ 11,823,690 \$ 11,264,209 \$ 559.481 5.0%

**Schedule of Expenditures** 

**Social Services** — The expenditure summary shows a 5.0% increase in expenditures from fiscal year 2013 to 2014. Revenues exceeded expenditures by \$50,024 during fiscal year 2014. A tremendous effort will continue to be made to maintain services and evaluate revenue and expenditure streams. As stated earlier, the State's budget crunch resulted in cutbacks in various program areas, and the County has tried to match the decreases in revenues with corresponding decreases in expenditures.

#### Fund Balance Re-Cap (Social Services Fund)

|                                 | Fi | scal Year<br>2014 | Fi | scal Year<br>2013 | <br>increase<br>Decrease) | Percent<br>Change |
|---------------------------------|----|-------------------|----|-------------------|---------------------------|-------------------|
| FUND BALANCE, Beginning of year | \$ | 754,404           | \$ | 723,522           | \$<br>30,882              | 4.3%              |
| FUND BALANCE, End of year       |    | 804,428           |    | 754,404           | 50,024                    | 6.6%              |

**Fund Balance** — The 6.6% increase in year-end fund balance is significant to note, as a strong effort has been made to monitor and to develop the revenue resources needed to fund these human services programs. Unfortunately, the revenue streams that the County has access to are limited, and property tax will remain the only "real" source of additional County funding.

~~~~~~

CAPITAL IMPROVEMENT FUND

The Capital Improvement Fund does not meet the requirement to be considered a major fund in fiscal year 2014, however due to its nature the County has chosen to include this fund as a major fund. During 2014, \$32,687 was collected from property tax and \$6,771 was collected from Specific Ownership tax. This revenue will continue to build a fund balance for future capital improvement projects.

Schedule of Revenues (Capital Improvement Fund)

	Fiscal Year 2014		 cal Year 2013	 ncrease ecrease)	Percent Change
Property taxes	\$	32,687		\$ 32,687	100.0%
Specific ownership tax		6,771		6,771	100.0%
Intergovernmental			\$ 5,800	(5,800)	-100.0%
Miscellaneous		6,863	 7,400	 (537)	-7.3%
TOTAL - REVENUES	\$	46,321	\$ 13,200	\$ 33,121	250.9%

Property Taxes — The Capital Improvement Fund was allocated 0.250 mills in 2014. No mills were allocated to this fund in 2013.

Specific Ownership Tax — A specific ownership tax is applied to the fair market value of vehicles registered in Colorado. The tax is collected when vehicle owners renew their registrations each year.

Intergovernmental — In fiscal year 2013, Otero County received a Colorado Courthouse Security Grant to reimburse for expenses that were approved in the grant. The grant did not fund any capital improvements and, therefore, there was a decrease in Intergovernmental revenue in fiscal year 2014.

Overall — Total fiscal year 2014 revenue increased by \$33,121 due to the allocation of tax mill levies to this fund for 2014.

Schedule of Expenditures (Capital Improvement Fund)

	PecentageFiscal Yearof Total2014		Fiscal Year 2013		_	ncrease Jecrease)	Percent Change	
Current: General government	100.00%	\$	4,694	\$	48,055	\$	(43,361)	-90.2%
TOTAL - EXPENDITURES	100.00%	\$	4,694	\$	48,055	\$	(43,361)	-90.2%

Fiscal year 2014 overall expenditures decreased 90.2%. The only Capital Improvements project for fiscal year 2014 was to remove a stage from the Extension Office meeting room due to safety concerns.

Fund Balance Re-Cap (Capital Improvement Fund)

	Fi	scal Year 2014	Fi	scal Year 2013	_	(ncrease Decrease)	Percent Change	
FUND BALANCE, Beginning of year	\$	958,047	\$	992,902	\$	(34,855)	-3.5%	
FUND BALANCE, End of year		999,674		958,047		41,627	4.3%	

Fund Balance — The fiscal year 2014 year-end fund balance of \$999,674 represents an increase of \$41,627 or 4.3% over the 2013 fund balance. The increase was primarily a result of decreased expenditures and the allocation of mills to this fund.

~~~~~

#### GENERAL HUMAN SERVICES FUND

The General Human Services Fund is a major fund, and total revenues of \$641,032 were generated. Total expenditures of \$580,346 were noted, leaving a year-end fund balance of \$148,884 (increase of \$60,686 from fiscal year 2013). This fund encompasses services areas such as Retired and Senior Volunteer Program (RSVP), Single Entry Point (SEP), and Community Service Block Grant (CSBG).

#### Schedule of Revenues (General Human Services Fund)

|---------------------------------|----|--------------------|----|--------------------|-----------------------|-------------------|--|
| FUND BALANCE, Beginning of year | \$ | 88,198             | \$ | 85,771             | \$<br>2,427           | 2.8%              |  |
| FUND BALANCE, End of year       |    | 148,884            |    | 88,198             | 60,686                | 68.8%             |  |

**Fund Balance** — This figure represents an increase of 68.8% or \$60,686 in fund balance for the year. This is primarily due to timing issues associated with the State's fiscal year in regard to expenditure and reimbursement.

#### NON-MAJOR GOVERNMENTAL FUNDS

Information for non-major governmental funds is aggregated and reported as other types of funds in the statement of revenues, expenditures and changes in fund balances. Further detail by fund is reported as part of the other supplemental information section of this financial report. Included in the County's non-major governmental funds are the Insurance Fund, Clerk Hire Fund, Conservation Trust Fund, Health Fund, Area Agency on Aging Fund, Small Business Development Revolving Loan Fund and the Otero County Land Trust Fund.

**Insurance Fund** resources are utilized to pay premiums for the County Casualty and Property Pool (CAPP) coverage, and any other costs associated with its liability and/or property program. A mill levy is used to develop the necessary resources needed to provide the appropriate levels of insurance coverage. The year-end fund balance increased to \$292,785 in fiscal year 2014 due to a decrease in expenditures. The County had expenditures for hail damage to the courthouse, annex roofs, 4-H barn and county vehicles to the Insurance Fund in 2013 that it did not have in 2014. It is important to note that the deductible for the insurance fund is recognized in the difference from the claim amount submitted and the insurance recovery (\$1,000 for property and \$500 for vehicles).

<u>Clerk Hire Fund</u> provides staffing and supports for the Clerk and Recorder operations. Staff license motor vehicles, record documents, complete title transactions, etc. Its main financial resource is from the service fees charged through for the various transactions. A fiscal year 2014 year-end fund balance of \$320,870 reflects an increase of \$47,752 over 2013. Changes in personnel staffing from year to year are used to maintain the fund balance at a viable number.

<u>Conservation Trust Fund</u> resources are used to develop/maintain recreational facilities or opportunities. The \$13,988 increase in fiscal year 2014 year-end fund balance is result of decreased expenditures leaving a fund balance of \$309,522.

**Health Fund**, Otero County Health Department (OCHD) is also considered to be a non-major fund for reporting purposes. Revenues (including transfers-in of \$56,493) totaled \$2,128,880 and expenditures amounted to \$1,981,116. A year-end fund balance of \$1,035,041 represented an increase of \$147,764. OCHD is the statutorily required local public health agency serving both Crowley and Otero Counties in rural, Southeast Colorado. In addition to providing statutorily required public health services in the aforementioned counties, OCHD serves many other counties regionally with "siloed" program specific services. Public health funding is conspicuously volatile and transient, with many OCHD programs being grant funded and prone to this effect. These grant funded programs are literally "here today, gone

tomorrow" due to the caprices of the grantors. The unrelenting search for funding is a major focus of OCHD administration.

<u>Area Agency on Aging</u> (AAA) Fund is used to provide services to the elderly residents in the region. A variety of agencies/programs are direct recipients of allocated funds through the AAA, i.e., transportation, advocacy, meal services, dental access, etc. Revenues come primarily from intergovernmental sources, and the year-end fund balance of \$111,857.

**Small Business Development Revolving Loan Fund** (SBDRLF) focuses on providing loans to small businesses. The increase of \$65,958 in year-end fund balance is a result of the difference between expenditures of \$1,576 and revenue of \$67,534 leaving a fund balance of \$121,411. A new loan was issued in 2013, which will serve as increased revenue for this fund and add additional support of this program. The low interest rates currently available at banks also impact the SBDRLF's ability to lend money making potential increased activity in the coming year.

<u>Otero County Land Trust Fund</u> (OCLT) provides support for the County's conservation easement program. The Fund Balance of \$68,304 represents a decrease of \$1,394, which is the annual stewardship monitoring costs which is done on conservation easements in perpetuity.

#### OTHER FUNDS

Information for other funds is reported as other types of funds in the statement of revenues, expenditures and changes in fund balances. Further detail by fund is reported as part of the other supplemental information section of this financial report. Included in the County's other funds is the Contingent Fund. This fund is presented within the General Fund.

The Contingent Fund is used to provide resources for any financial contingencies that might arise. The year-end fund balance for the Contingent Fund is \$265,501. This represents an increase of \$102 in fiscal year 2014.

#### PROPRIETARY FUNDS

The County's proprietary funds provide the same type of information found in the County-wide financial statements, but in more detail. Proprietary funds account for operations that are organized to be self-supporting through user charges. The County's proprietary funds consist of one enterprise fund and two internal services funds.

#### ENTERPRISE FUND

The 911 Otero County Emergency Telephone Service Authority Board was created for the purpose of providing 911 emergency phone services in Otero County. The financial activities of the E911 Authority are presented as a "discretely presented component unit" in the County's financial statements.

#### INTERNAL SERVICES FUNDS

Internal services funds are used to account for the financing of goods or services provided by one department to other departments of the County on a cost reimbursement basis. The County's internal services funds are used to account for a self-insured health benefit plan and a capital equipment acquisition program.

The County's Internal Services Fund is used as a resource base to purchase requested equipment (over \$1,000) for the various departments. Assets are purchased through the fund, amortized costs are then charged to each department as a "rental charge." When an item needs replacement, adequate funds have been generated through the on-going rental fees to make a replacement purchase. Revenues totaled \$129,507 in fiscal year 2014. The overall year-end increase in net position was \$48,164.

The Medical Trust Fund is an internal service fund used to account for the County's self-insured health benefit program. Revenues to support the program originate from two primary sources:

- 1. Employee contributions toward the cost of the health benefit program premiums,
- 2. County contributions toward the cost of the health benefit program premiums.

Expenditures include claims, stop-loss premiums and plan administration for a health benefit program for employees and their families.

In fiscal year 2014, the County revenues exceeded expenditures by \$469,449 and a fund balance of \$1,020,830 was recognized. Based on actual claims for the last 6 months in fiscal year 2014, it was estimated that claims incurred but not reported (IBNR) would be about \$201,972. The final IBNR was calculated using July to December 2014 and includes a 10% adjustment for inflation and reflects only an estimate of claims payable recorded at year end.

The costs of health care continue to rise, and the County revised its schedule of benefits and premium rates to offset these increases.

#### FIDUCIARY / AGENCY FUNDS

A variety of accounts are maintained by the County Treasurer, Public Trustee, and County Clerk that are custodial in nature, i.e., library funds, taxing entity disbursements, etc. A total of \$707,359 in deposits was being held at December 31, 2014.

#### MAJOR FUND BUDGETARY HIGHLIGHTS

The original fiscal year 2014 budget that was adopted by the Board of County Commissioners on December 9, 2013, showed total appropriations of \$27,231,306. This amount includes \$5,529,958 in total General Fund appropriations. Budgeted expenditures in this category are up 2.56% or \$138,223 from fiscal year 2013. The excess of revenues over expenditures for the General Fund in fiscal year 2014 was \$432,761. There is not a significant difference between the adopted budget and the final revised budget with regard to the functional distribution of expenditures.

With regard to the *major funds*, the variance of actual results compared to the final revised budget shows that the County did not over spend its fiscal year 2014 budget for these funds, with the exception of the Social Services fund, which was over spent by \$199,231.

A re-cap of the *non-major funds* indicates that the County under spent the fiscal year 2014 budget in these areas by \$1,125,492 for all non-major funds. The primary reason for this under-expenditure was substantial under spending of the Conservation Trust Fund of \$320,804, Health Fund of \$328,954 (excluding offsetting revenues and expenses for WIC vouchers of \$649,665), Small Business Development Fund of \$234,390, and Contingency Fund of \$260,000.

#### CAPITAL ASSETS

The County's investment in capital assets for its governmental activities as of December 31, 2014, amounted to \$11,555,509 (net of accumulated depreciation of \$10,648,942). Capital assets include land, buildings, improvements, machinery, vehicles, equipment, and infrastructure currently acquired. Additional information concerning capital assets can be found in Note 4 to the financial statements.

#### LONG-TERM OBLIGATIONS

As of December 31, 2014, the County had long-term obligations outstanding of \$1,864,401, including amounts currently due of \$109,683. This includes a capital lease on the purchase of a software license to be paid off in 2015 in the amount of \$40,023, compensated leave in the amount of \$388,469, and a portion of closure/post-closure costs associated with the aforementioned OCLI solid waste landfill sites in the amount of \$1,435,909, Otero County portion. The reader should refer to Note 6 of the Notes to the Financial Statements for further information relative to long-term debt.

#### **COMPONENT UNITS**

Only summary information regarding component units appears in the County's financial statements. Currently, the only recognized component unit is the Otero County Emergency Telephone Service Authority Board (E911). The reader should refer to Note 1 of the Notes to the Financial Statements for further information relative to this "Discretely Presented Component Unit."

#### FACTORS AFFECTING FUTURE FINANCIAL CONDITIONS

The FY2015 Budget continues to be impacted by the general economic conditions within the County therefore the County has again adopted a conservative approach to the budget. Otero County has not been immune from the economic hardships seen in other parts of Colorado as well as the United States. There is no doubt that the County has been impacted by the drought however, Otero County saw some financial relief in 2014 with an increase in sales tax revenue. Furthermore, Otero County employees were conservative when utilizing the Medical Trust Fund and we were able to give a Cost of Living Adjustment (COLA) of \$60/employee/month increase and a 1 step Anniversary increase upon a satisfactory evaluation. Furthermore, continued efforts to acquire our local agricultural water resources for municipal use may have a serious impact on future tax revenue streams (change from productive ground to pasture/vacant land).

#### CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of the Otero County, Colorado's finances for all those with an interest in the County's finances and to demonstrate the County's accountability for the money it receives. Questions concerning any of the information provided in this report or request for additional information should be addressed to the County Administrator at 13 West Third Street, Suite 212, La Junta, Colorado, 81050. Telephone number is (719) 383-3000 / 383-3090 (fax).

BASIC FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2014

#### RECONCILIATION OF GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2014

Amounts reported for governmental activities in the statement of activities are different because:

| NET CHANGE IN GOVERNMENTAL FUND BALANCES                                                                                                                                                                                                                                                                                                                                        | \$        | 1,208,657 |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|-----------|
| Governmental Funds report capital outlays as expenditures. However, in<br>the statement of activities, the cost of those assets is allocated over their<br>estimated useful lives as depreciation expense. This is the amount by<br>which depreciation expense exceeded capital outlay in the current period.<br>Depreciation expense<br>Capital outlay<br>Donated assets 5,000 |           | (212.260) |
| Donated assets                                                                                                                                                                                                                                                                                                                                                                  |           | (212,360) |
| Accumulated depreciation (370,717)                                                                                                                                                                                                                                                                                                                                              |           | (6,321)   |
| The internal service funds used by management to charge the costs of the operation and maintenance of the vehicle fleet and employee insurance to individual funds are reported in the government-wide statement of activities as governmental activities.                                                                                                                      |           | 517,613   |
| Eliminate internal service funds portion of capital outlay, disposals and<br>depreciation expense included in adjustment above:67,058Depreciation expense67,058Capital outlay(59,675)                                                                                                                                                                                           |           | 7,383     |
| Retirement of capital lease debt principal is an expenditure in the governmental funds, but repayment reduces long-term liabilities in the statement of net assets.                                                                                                                                                                                                             |           | 38,649    |
| Government-wide financial statements report revenue and related<br>receivables based on the economic resource while the government funds<br>only record revenue for funds available to pay current obligations.                                                                                                                                                                 |           | 7,113     |
| Interest, compensated absences and landfill post-closure costs reported in<br>the statement of activities do not require the use of current financial<br>resources and therefore are not reported as expenditures in governmental<br>funds.                                                                                                                                     |           |           |
| Interest Liability at December 31, 2014 —                                                                                                                                                                                                                                                                                                                                       |           |           |

#### NOTES TO FINANCIAL STATEMENTS

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Otero County (the County) have been prepared in conformity with accounting principles generally accepted in the United States of America as applicable to governmental entities. The County's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. A summary of significant policies is as follows:

**Reporting Entity** — Otero County is a statutory county governed by an elected three-member commission. As required by generally accepted accounting principles, these financial statements present Otero County (the primary government) and its component units.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organizations; or (2) the County is legally entitled to or can otherwise access the organization's resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the County is obligated for the debt of the organization. Component units also may include organizations that are fiscally dependent on the County in that the County approves the budget, levies their taxes or issues their debt.

**Blended Component Unit** — The blended component unit discussed below is included in the County's reporting entity because of the significance of its operational or financial relationship with the County. Blended component units are, in substance, part of the County's operations, and therefore, data from these units are combined with data of the County. Alternatively, discretely presented component units are reported separately in the financial statements to emphasize that they are legally separate from the County.

*Small Business Development Revolving Loan Fund* — This fund focuses on providing loans to small businesses, while at the same time, offering technical assistance through the local Small Business Development Center. There are no separately issued financial statements for this fund.

The separate financial statements of the component unit are presented as supplemental information.

**Discretely Presented Component Unit** — Otero County Emergency Telephone Service Authority Board — The Otero County Emergency Telephone Service Authority Board (Authority) was created for the purpose of providing 911 emergency phone services for Otero County. All governmental entities of the County agreed to participate through an intergovernmental agreement. The County Commissioners have the power of appointment over the Board and are, therefore, deemed to have oversight responsibility over the Authority. The Authority is presented as a business-type activity. The Authority does not issue separate financial statements.

**Joint Venture** — Otero County Landfill, Inc. — Otero County is a participant along with six other entities within the County in a joint venture known as the Otero County Landfill, Inc. As a participant, the County is responsible for a portion of the closure and post-closure costs of the landfill. See Note 6 for the County's share of those costs as of December 31, 2014. A complete financial report may be obtained from the administrative offices of Otero County.

**Related Organizations** — Otero County Housing Authority — The Otero County Housing Authority is governed by a five-member board appointed by the Commissioners. The Authority provides housing to certain qualified residents and is principally funded through federal grants and rental charges. Because the appointments are administrative in nature and control over the organization is at the federal government level, the Authority is treated as a related organization of the County rather than a component unit.

**Government-Wide and Fund Financial Statements** — The government-wide financial statements report information on all of the non-fiduciary activities of the primary government and its component units. The effect of inter-fund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The County does not allocate indirect expenses to functions in the statement of activities. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. For identifying to which function program revenue pertains, the determining factor for charges for services is which function generates the revenue. For grants and contributions, the determining factor is to which function the revenues are restricted. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

**Measurement Focus, Basis of Accounting and Financial Statement Presentation** — The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows.

Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 90 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. This approach differs from the manner in which the governmental activities in the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the governmental fund statements.

Property taxes, sales taxes, franchise taxes, interest revenues, and charges for services are all considered to be susceptible to accrual and accordingly have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Grant and entitlement awards are recorded as revenue when earned. Grants or entitlements received in excess of expenditures are recorded as deferred revenue. Expenditures are recorded on an accrual basis.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general reimbursement grant resources to each such programs, followed by categorical block grants, and then by general reimbursement grant revenues.

The County reports the following major governmental funds:

The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those which are required to be accounted for in another fund.

The Road & Bridge fund is a special revenue fund, which is used to account for the proceeds of highway taxes and other specific revenue sources that are legally restricted to expenditures for maintenance and construction of the County road system and for the operation of solid waste disposal as outlined by an Intergovernmental Agreement with Otero County Landfill, Inc. (OCLI).

The Social Services fund is a special revenue fund, which is used to account for federal, state and local revenues to be used to provide welfare services to eligible individuals within the County. The Capital Improvement fund is a special revenue fund for financial reporting purposes. The fund is tentatively being targeted for a jail construction project and improvements to the County buildings. Management has chosen to show this fund as a major fund even though it does not meet the required tests to show it as a major fund.

The General Human Service fund is a special revenue fund, which is used to account for federal, state and local revenues to be used to provide services to assist individuals who are in need to remain self-sufficient and be as independent as possible.

*Special Revenue Funds* — Special revenue funds are used to account for revenue sources that are legally restricted to expenditure for specific purposes. The other special revenue funds include the Insurance, Clerk Hire, Conservation Trust, Contingent, Health, AAA Services, and Small Business Development and Otero County Land Trust (OCLT) funds.

*Proprietary Funds* — There are two Proprietary funds. The Internal Service Fund accounts for data processing equipment and certain vehicles. The Medical Insurance fund accounts for medical benefits provided to other departments or agencies of the government, or to other governments, on a cost reimbursement basis.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's internal service funds are charges for services. Operating expenses of the internal service funds include the costs of services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

*Fiduciary Funds* — Fiduciary funds account for assets held by the County in a trustee capacity or as an agent on behalf of others.

The agency funds are custodial in nature and do not present results of operations or a measurement focus. Agency funds are accounted for using the accrual basis of accounting. Those funds are used to account for assets that the County holds for others in an agency capacity. The County's agency funds include the Treasurer's office, Clerk's office and Public Trustee.

*Fund Equity* — Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

The County accounts for its fund balances in conformity with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB 54). This Statement defines the different types of fund balances that a governmental entity must use for financial reporting purposes.

GASB 54 requires the fund balance amounts to be properly reported within one of the fund balance categories listed below:

- 1. Non-spendable: The non-spendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. This category includes items such as fund balance associated with inventories and prepaids.
- 2. Restricted: Fund balances are reported as restricted when constraints placed on the use of resources are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislations.
- 3. Committed: Committed fund balance consists of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, which would be the Board of County Commissioners through a formal resolution.
- 4. Assigned: Amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed, are reported as assigned fund balance. Under the Commissioners' adopted policy, the authority to assign fund balances rests with the County Administrator and is delegated to staff. Interest earned on fund balances is assigned to be used by that fund unless otherwise specified in Commissioner or voter documentation.
- 5. Unassigned fund balance is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications.

The County funds certain expenditures by a combination of restricted, committed, assigned and unassigned revenues. Thus, when expenses are incurred, there are restricted, committed, assigned and unrestricted net assets available to finance the expenditure. It is the County's policy to first apply restricted fund balance, followed by committed fund balance, and then by assigned fund balance to each such expenditure, followed by unassigned fund balance.

Net position represents the difference between assets, deferred outflows of resources, liabilities and deferred inflows of resources. Net position is reported as restricted when there are limitations imposed on use, either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The remainder of net position is reported as not being restricted.

**Cash and Cash Equivalents** — For the purpose of the statement of cash flows the government's cash and cash equivalents are considered to be cash on hand, demand deposits, and highly liquid investments.

The County may invest in bonds or other interest-bearing obligations issued by or unconditionally guaranteed by the United States, bonds that are the direct obligation of the State of Colorado, or any county, city or school district in the State. The County may also invest in repurchase agreements of any marketable security otherwise authorized by law, where the market value of such security is at all times at least equal to the moneys involved, and there is assignment of such security pursuant to current depository regulations.

Investments for the government, as well as for its component unit, are reported at fair value.

**Receivables and Payables** — Outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

All trade and property tax receivables, including those for the Otero County Emergency Telephone Service Authority Board, are shown net of an allowance for uncollectible accounts if required. Notes receivable in the Small Business Development Revolving Loan Fund (SBDRLF) totaling \$80,957 are not considered collectible and accordingly, are fully reserved.

Property taxes are not due and payable until after the assessment year has ended and are not included in the budgets or statements of revenues, expenditures and fund balance of the assessment year. Property taxes levied are recorded in the governmental funds as taxes receivable and deferred revenues as of December 31, 2014, since the amounts are measurable but not available until 2015. Property tax abatements are recorded as an offset to property tax revenues when they are paid. An allowance for uncollectible property taxes is not provided as the uncollectible amounts were determined to be negligible based on an analysis of historical trends. Property taxes are levied before December 22 each year and attached as an enforceable lien on the property as of January 1 of the following year. Taxes are payable in full on April 30 or in two installments due on February 28 and June 15. The County, through the Otero County Treasurer, bills and collects its own property taxes as well as property taxes of all other taxing authorities within the County. Collection of taxes and distribution of them to the various taxing entities is done by the 10th of every month following the month of collection.

**Inventory of Material and Supplies** — Inventory is valued at cost using the first-in first-out (FIFO) method and consists of expendable supplies held for consumption. The cost is recorded as an expenditure when consumed rather than when purchased. Reported inventories are equally offset by a fund balance reserve, which indicates that they do not constitute "available spendable resources" even though they are a component of assets.

**Capital Assets** — Capital assets, which include property, equipment, and current infrastructure (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Assets purchased for departmental use with a minimum cost of \$1,000 are purchased by the County Internal Services Fund and billed to the departments quarterly for their use. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Building, improvements and equipment of the primary government, as well as the component unit, are depreciated using the straight-line method over the following estimated useful lives:

|                              | Estimated<br>Useful Life |
|------------------------------|--------------------------|
| Buildings                    | 20-75 years              |
| Building improvements        | 20 years                 |
| Public domain infrastructure | 25 years                 |
| Vehicles                     | 5–20 years               |
| Office equipment             | 5–10 years               |
| Computer equipment           | 3–5 years                |

**Compensated Absences** — It is the government's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vacation and eligible sick pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured as a result of employee resignations and retirements. A liability for the accrued compensation is recorded at the fund level as this amount is paid to the employees in full in January 2015.

**Long-Term Obligations** — In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund type statement of net position.

**Deferred Inflows of Resources** — In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises both under the full accrual and modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, deferred revenue, is reported in both the governmental activities statement of net position and in the governmental funds balance sheet. The governmental funds report deferred revenues from property taxes. These amounts are deferred and recognized as an inflow of resources are collected in arrears during the succeeding year, a receivable and corresponding deferred inflow is recognized as revenue and the receivable is reduced.

**Fund Equity** — In the fund financial statements, governmental funds report restrictions of fund balance for amounts that are not available for appropriations or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

**Net Position** — The District's net position is classified in the following components:

• Net Investment in Capital Assets — This component consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.

- Restricted This component consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Restricted assets are assets which have restrictions placed on the use of the assets through external constraints imposed by creditors (such as through debt covenants), contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation. Generally, a liability relates to restricted assets if the asset results from a resource flow that also results in the recognition of a liability or if the liability will be liquidated with the restricted assets reported.
- Unrestricted This component consists of the net amount of assets, deferred outflows of resources, liabilities and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

**Estimates** — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Budgetary Information** — The County's budgetary procedures are as follows:

Prior to October 15, the County Commissioners receive a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.

Public hearings are conducted to obtain taxpayer comments. Prior to December 15, the budget is legally enacted through passage of a resolution. Revisions that alter the total expenditures of any fund generally must be approved by the Commissioners. Budgeted amounts in the accompanying financial statements include revisions to the original appropriation resolution. Appropriations lapse at year-end and any open purchase items must be appropriated in the following year.

Expenditures may not legally exceed appropriations at the fund level.

**Retirement Plan** — The employees of the County are members of the Colorado County Official's and Employee's Retirement Association (CCOERA) (the Plan). The Plan is a defined contribution plan which is funded currently.

**Comparative Information** — Certain comparative information for the prior year have been presented to provide an understanding of the changes in the financial position and operations. This data does not include the disclosures required for a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the County's financial statements for the year ended December 31, 2013, from which the data was derived. Also, certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

**Subsequent Events** — The County has evaluated subsequent events for recognition or disclosure through the date of the Independent Auditors' Report, which is the date the financial statements were available for issuance.

#### 2. CASH AND CASH EQUIVALENTS

**Deposits** — The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is specified by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds.

Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. As of December 31, 2014, the County's deposits were not exposed to credit risk, as all deposits were insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized in accordance with PDPA.

The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must equal at least 102% of the uninsured deposits. The State Regulatory Commissions for banks and savings and loan associations are required by Statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2014 the County's and Component Unit's cash and investments had the following book and bank balances:

|                                                                                                          | Book                                                   | Bank                                        |
|----------------------------------------------------------------------------------------------------------|--------------------------------------------------------|---------------------------------------------|
| Insured deposits<br>Collateralized deposits<br>COLOTrust<br>Cash with Trustee                            | \$ 2,841,442<br>11,508,804<br>171,639<br><u>38,701</u> | \$ 2,840,102<br>12,059,455<br>171,639<br>   |
| Total                                                                                                    | <u>\$ 14,560,586</u>                                   | <u>\$ 15,109,897</u>                        |
| Cash and Investment Reconciliation                                                                       |                                                        |                                             |
| Governmental funds - cash and investments<br>Governmental funds – cash with trustee<br>Proprietary funds |                                                        | \$ 11,775,883<br>38,701<br><u>1,693,330</u> |
| Total primary government<br>Agency funds<br>Component unit                                               |                                                        | 13,507,914<br>707,359<br><u>345,313</u>     |
| Total                                                                                                    |                                                        | <u>\$ 14,560,586</u>                        |

The carrying amount of deposits for the E911 Services, a discreetly presented component unit, was \$345,313 and the bank balance was \$345,313. These amounts are included in the above tables.

Investments -Colorado revised statutes specify investment instruments meeting defined rating and risk criteria in which the County may invest as follows:

- United States Treasury Obligations
- Federal Instrumentality Securities

- Time Certificates of Deposit
- Commercial Paper
- Money Market Mutual Funds
- Local Government Investment Pools

**Interest Rate Risk** — As a means of limiting its exposure to losses arising from prevailing market interest rates, it is the policy of the County to invest its funds in a manner which will provide the highest investment return while ensuring preservation of capital and protection of investment principal. The County's investment objectives are:

- Conformance with all federal, state and other legal requirements
- Preservation of capital and the protection of investment principal
- Maintaining sufficient liquidity to enable the County to meet all operating requirements
- Seek highest rate of return possible

**Credit Risk** — The County's investment policy limits investments to the following types of securities and transactions:

- United States Treasury notes, bonds, bills or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest.
- Commercial paper rated in the highest rating category by one or more nationally recognized rating agencies.
- Securities of the World Bank, the inter-American development bank, the Asian development bank or the African development bank, if rated in the two highest rating categories by one or more nationally recognized rating agencies.
- Any Banker's Acceptance issued by a state or national bank which has a combined capital and surplus of at least \$250,000,000, is FDIC insured and is rated in one of the three highest rating categories by one or more nationally recognized agencies.
- Investment pools authorized by Colorado law.
- Guaranteed investment contracts purchased only with debt, certificates of participation or lease-purchase agreement (no refunding) proceeds.
- Commissioner approved depositories.

At December 31, 2014 the County had investments held in the Colorado Local Government Liquid Asset Trust (ColoTrust) and the investment is rated AAA by Standard & Poor's. ColoTrust operates similarly to a money market fund with each share valued at \$1.00. These amounts are considered cash equivalents and totaled \$171,639 as of December 31, 2014. Separately issued financial statements for ColoTrust may be obtained at www.colotrust.com. The State Securities Commissioner administers and enforces all state statutes governing Colorado.

**Concentration of Credit Risk** —It is the intent of the County to diversify the investments within the portfolio to avoid incurring unreasonable risks inherent in over-investing in specific instruments. ColoTrust, as an external investment pool, does not pose a concentration of credit risk.

#### 3. UNEARNED REVENUES

Governmental funds report unearned revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also postpone revenue recognition in connection with resources that have been received but not yet earned. As of December 31, 2014 the County had unearned revenues in the amount of \$959,730 and \$111,569 which are recorded in the General Human Services Fund and Social Services Fund, respectively. These amounts are recorded as a liability as they are voluntary nonexchange transactions that the County has not met the eligibility requirements for. As the eligibility requirements have not yet been met, revenue recognition has been postponed.

#### 4. CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2014 is as follows:

|                                                                                                | Beginning<br>Balance                       | Increases                                     | Decreases                                     | Ending<br>Balance                          |

#### 5. INTER-FUND BALANCES AND TRANSFERS

Inter-fund transfers and balances for the year ended December 31, 2014 consisted of annual additional County support for the Otero County Health Department for 2013 and balances due to the general fund, capital improvements fund and social services fund by other departments as provided below. These balances are expected to be paid within one year.

|                             | General<br>Fund |               |           | Iealth<br>Fund | Total     |                         |  |

. . .

- -

Inter-fund receivables and payables at December 31, 2014 were as follows:

|                           | Receivable |        |    | yable  |
|---------------------------|------------|--------|----|--------|
| General fund              | \$         | 37,639 | \$ | 3,066  |
| Road & Bridge fund        |            |        |    | 2,635  |
| Social Services fund      |            | 36,226 |    | 15,141 |
| Capital Improvements fund |            | 4,771  |    | 71     |
| General Human Services    |            | 2,623  |    | 36,030 |
| Health fund               |            | 6,168  |    | 4,543  |
| Insurance fund            |            |        |    | 192    |
| Internal Service fund     |            |        |    | 25,749 |
| Total                     | <u>\$</u>  | 87,427 | \$ | 87,427 |

The Capital Improvement Fund issued the General Fund a loan in the amount of \$295,365 for certain energy efficiency improvements. The remaining balance on this loan is \$252,535 as of December 31, 2014. The loan is payable in annual installments of \$21,991 and matures on November 1, 2024. This loan has been eliminated in the government-wide financial statements.

#### 6. LONG-TERM OBLIGATIONS

|                                                                                         | Balance at<br>anuary 1,<br>2014 | Additions     | Γ  | Deductions        | De | Balance at<br>cember 31,<br>2013 | Amounts<br>Due<br>Within<br>One Year |
|-----------------------------------------------------------------------------------------|---------------------------------|---------------|----|-------------------|----|----------------------------------|--------------------------------------|

| closure costs                                                                           | <br>1,398,403                   | <br>76,155    |    | 38,649            |    | 1,435,909                        | <br>49,582                           |
| Total                                                                                   | \$<br>1 <u>,824,764</u>         | \$<br>387,867 | \$ | 348,230           | \$ | 1,864,401                        | \$<br>109,683                        |

Activity relating to long-term obligations for the year ended December 31, 2014 is as follows:

**Capital Lease** — In 2011, the County entered into a five-year capital lease agreement in the amount of \$187,129 to purchase a software license. The balance was financed at the interest rate of 0%; however, the County imputed interest at a rate of 3.5%. The lease requires monthly payments of \$3,399. Minimum lease payments are as follows:

| December 31, | Pı | rincipal | Inte      | rest | Total |        |  |
|--------------|----|----------|-----------|------|-------|--------|--|
| 2015         | \$ | 40,023   | <u>\$</u> | 762  | \$    | 40,785 |  |

Total interest expense for all capital leases for the year ended December 31, 2014, was \$9,000.

The assets acquired through capital leases with outstanding balances as of December 31, 2014 are as follows:

|                  |           | Asset<br>Cost | Accumulated<br>Depreciation |        | Net<br>Capital<br>Assets |        |
|------------------|-----------|---------------|-----------------------------|--------|--------------------------|--------|
| Software license | <u>\$</u> | 187,129       | <u>\$</u>                   | 93,565 | <u>\$</u>                | 93,564 |

Amortization expense is included in depreciation expense and amounted to \$37,426 in 2014.

**Closure and Post-Closure Cost** — In 1994, the County entered into an intergovernmental agreement with the municipalities within the County to form the Otero County Landfill, Inc. (OCLI) to operate the three landfill sites within the County. The agreement transfers the liability for closure and post-closure costs to OCLI. The County and all participating entities are responsible for a portion of the costs based on an average of population and assessed valuation of each entity to the total of all entities. OLCI expects to close the three landfills throughout 2013-2019. The current estimated total closure and post-closure costs are \$3,346,571 of which \$2,896,000 is allocated among the participating entities. Actual cost may be higher due to inflation, changes in technology, or changes in regulations. Based on the current allocation, the County's share is approximately 50% of the estimated \$2,896,000, amounting to \$1,435,909.

The County and other municipalities are required by state and federal laws and regulations to make certain financial assurances. These have been based on the same percentage as stated above.

#### 7. **RETIREMENT PLAN**

The County participates in the Colorado County Officials and Employees Retirement Association (CCOERA) 401(a) plan (the Plan), a multi-employer defined contribution retirement plan. CCOERA's seven-member governing board has the authority to establish and amend the Plan. The Otero County Commissioners elects to participate in the Plan and is able to elect certain amendments and definitions of terms, including the definition of "compensation" and "employee" and to set contribution rates based on the County's Participation Agreement. In a defined contribution plan, benefits depend solely on amounts contributed to the Plan plus investment earnings. All permanent full-time employees are required to participate as soon as they become eligible at entry date. At December 31, 2014 there were 159 County participants who had account balances in the Plan. The County Participation Agreement requires that the employees contribute 6% and the County contribute a like amount of the employee's base salary each month. Plan participants vest at the rate of 10% per year and are fully vested after 10 years of service or have reached 55 years of age. Participants who are not fully vested forfeit the remaining balance in their account. All forfeitures are placed into a separate account and used to reduce future contributions from the County.

The County and covered employees made the required contributions, amounting to \$297,403 in County contributions and \$351,959 in employee contributions, which includes \$54,556 of employee voluntary contributions. During the year ended December 31, 2014, there were unvested participant account balances totaling \$59,819 which were forfeited, of this amount and the beginning of the year balance \$75,260 was used to reduce County contributions and the remaining balance of \$3,646 is in the forfeiture account at yearend. Subsequent to year-end the remaining balance was used to reduce the County contribution.

#### 8. CONTINGENCIES

In April of 1979, the County entered into an agreement with the Arkansas Valley Exposition and Fair Association to be the guarantor on a loan to the Association from Farmers Home Administration with a current balance of \$51,782. The proceeds were used in the construction of a 4-H building located in Rocky Ford, Colorado. The County will at all times act as guarantor of the annual repayment cost of \$11,913, which commenced January 1, 1980 and continue annually thereafter for a term of 40 years, to the extent that income derived from the use of the building does not meet the annual repayment cost. The County required an assignment of the lease between the City of Rocky Ford, Colorado and the Arkansas Valley Exposition and Fair Association as security for the loan, subordinate to the assignment required by the Farmers Home Administration.

The County is party to various legal proceedings which occur in the normal course of government operations. These legal proceedings are not likely to have a material adverse impact on the affected funds of the County. In addition, the County maintains insurance coverage for such occurrences.

Amounts received or receivable from grantor agencies are subject to audit adjustments by such grantor agencies, principally the federal and state governments. Any disallowed claims, including amounts already collected, may constitute a liability of the board. In that event, Otero County may be required to refund amounts to the federal and state governments.

#### 9. RISK MANAGEMENT

The County is exposed to various risks of loss related to property and casualty losses as well as those related to injuries of employees while on the job. The County was unable to obtain property and liability insurance at a cost it considered to be economically justifiable. Therefore, the County joined together with the other Counties in the State of Colorado to form the Colorado Counties Casualty and Property Pool (CAPP) and the County Workers' Compensation Pool, (CWCP), public entity risk pools currently operating as a common risk management and insurance program for member counties. The County pays an annual contribution to CAPP and CWCP for its property and casualty insurance coverage and workers' compensation insurance coverage. The intergovernmental agreement of CAPP provides that the pool will be financially self-sustaining through member contributions and additional assessments, if necessary, and the Pool will purchase excess insurance through commercial companies for members' claims in excess of a specified self-insured retention, which is determined each policy year. The County's claims have not exceeded its coverage in any of the last three years.

The County also handles health and life insurance claims for its employees. Premiums are charged to the County to cover medical claims with reinsurance provided by commercial carriers for individual claims in excess of \$50,000 annually.

The County records an estimated liability for health insurance claims. Claims liabilities are based on estimates of the ultimate cost of reported claims (including future claim adjustment expenses) and an estimate for claims incurred but not reported based on historical experience.

The following represents the changes in the claims liability for health insurance for the County for the year ended December 31, 2014:

| Liability balance, beginning of year | \$<br>232,104   |
|--------------------------------------|-----------------|
| Incurred claims                      | 1,397,204       |
| Payments on claims                   | <br>(1,427,336) |
| Liability balance, end of year       | \$<br>201,972   |

#### 10. TAX SPENDING AND DEBT LIMITATIONS

Article X, Section 20, of the Colorado Constitution, commonly known as the Taxpayer Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases. Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

The County's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits and qualifications as an enterprise, may require judicial interpretation. In November 1995 a majority of the County's electors authorized the County to collect, retain and spend all revenues and other funds collected from any source notwithstanding the limitations of Article X, Section 20, of the Colorado Constitution.

Emergency Reserves have been provided for as required by Article X, Section 20, of the constitution of the State of Colorado. \$275,524 of the net position and fund balance has been restricted in compliance with this requirement.

#### 11. BUDGETARY COMPLIANCE

For the year ended December 31, 2014, expenditures exceeded appropriations in the following funds: Social Services is overspent by \$199,231 which may be a violation of state statute.

#### 12. RELATED PARTY TRANSACTIONS

The County entered into an agreement with OCLI to provide employees and equipment to run the landfill as well as provide administrative services for OCLI for its share of the required contributions.

For the year ended December 31, 2014, the County incurred costs of \$257,534 on behalf of OCLI. The County has a receivable from OCLI in the amount of \$15,716 as of December 31, 2014.

#### INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of County Commissioners Otero County La Junta, Colorado

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Otero County, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise Otero County's basic financial statements, and have issued our report thereon dated July 22, 2015.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Otero County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Otero County's internal control. Accordingly, we do not express an opinion on the effectiveness of Otero County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 14-01 and 14-02 that we consider to be significant deficiencies.

Certified Public Accountants and Business Advisors 102 N. Cascade Avenue, Suite 400, Colorado Springs, CO 80903

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Otero County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Otero County's Response to Findings**

Otero County's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Otero County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Board of County Commissioners Otero County La Junta, Colorado

#### **Report on Compliance for Each Major Federal Program**

We have audited Otero County's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Otero County's major federal programs for the year ended December 31, 2014. Otero County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### **Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

#### Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Otero County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Otero County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major program. However, our audit does not provide a legal determination of Otero County's compliance.

#### **Opinion on Each Major Federal Program**

In our opinion, Otero County, complied, in all material resects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2014.

Certified Public Accountants and Business Advisors 102 N. Cascade Avenue, Suite 400, Colorado Springs, CO 80903

#### **Report on Internal Control Over Compliance**

Management of Otero County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Otero County's internal control over compliance with types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with *OMB Circular A-133*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Otero County's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance with a type of compliance control over compliance with a type of compliance is a deficiency or compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over the compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

#### SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED DECEMBER 31, 2014

#### SECTION II – FINANCIAL STATEMENT FINDINGS

#### Reference Number Finding

14-01 *Criteria or specific requirement* – The County Treasurer is required to report all cash transactions in the proper reporting period as dictated by State law and Generally Accepted Accounting Principles. They should also ensure that there are sufficient controls in place to verify that amounts recorded are proper and include all transactions at the end of each reporting period.

*Condition* – The cash balances were not significantly misstated however due to the lack of appropriate procedures certain transactions were not recorded in the correct period. During the current year the bank reconciliations which were provided initially for audit did not contain all cash transactions as of December 31, 2014.

*Context* – The County Treasurer has the responsibility to ensure that all transactions are properly recorded in the financial statements of the County. In the current year as in prior years certain transactions were not being recorded in the proper periods.

*Cause* – The system for recording all transactions in the proper period does not ensure that all transactions are properly recorded. Due to lack of sufficient controls from time-to-time transactions are recorded in the incorrect period.

*Effect* – Certain transactions are not being recorded in the proper period.

*Recommendation* – We recommend that the Treasurer's office work with the Finance Director to establish sufficient internal control procedures so that all County cash transactions are recorded in the appropriate period.

*Views of responsible officials and planned corrective actions* – The Treasurer's office will work with the Finance Officer to establish sufficient internal control procedures in order to ensure that all County cash transactions are recorded in the appropriate period.

Questioned Costs

None

#### SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED DECEMBER 31, 2014

#### SECTION II – FINANCIAL STATEMENT FINDINGS

#### Reference Number Finding

Questioned Costs

None

14-02 *Criteria or specific requirement* – Management of Otero County is responsible for the preparation and fair presentation of its financial statements in accordance with GAAP. This includes the accurate and complete recording of all revenues and expenditures related to federal awards.

*Condition* – The County completed the Schedule of Expenditures of Federal Awards (SEFA), based on the Colorado State County Financial Management System (CFMS). However, certain refunds and other items were not properly recorded in the accounting records of the County.

*Context* – Due to a lack of a detailed reconciliation of the SEFA/CFMS amounts to the Social Services accounting records certain amounts were being improperly recorded in the County's basic financial statements.

*Cause* – Reconciliations of the SEFA to the underlying accounting records had not been performed.

Effect – Revenues and expenditures were not properly recognized which resulted in a misstatement of revenues and expenditures in the Social Services Fund.

*Recommendation* – We recommend that the SEFA be reconciled to the underlying accounting records and to the financial statements on a regular and consistent basis.

*Views of responsible officials and planned corrective actions* – The County Department of Social Services will reconcile SEFA to the underlying accounting records and to the financial statements on a monthly basis.

(Concluded)

#### SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED DECEMBER 31, 2012

### SECTION II – FINANCIAL STATEMENT FINDINGS

| Reference<br>Number | Finding                                                                                                                                                                                                                                                                                                         | Questioned<br>Costs |
|---------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|
| 13-01               | <i>Condition</i> – The Treasurer's office did not record all cash transactions in their records as of December 31, 2014. This resulted in the cash balances reported by the County being understated by a significant amount. This also resulted in the Semi-Annual Treasurer's Report to be incorrectly filed. | None                |
|                     | <i>Recommendation</i> – We recommend that the Treasurer's office implement controls to ensure that all cash received and disbursed, including electronic transactions are recorded in the proper period.                                                                                                        |                     |

*Current Status* – The same issue existed in the current year. See 14-01 in the current year schedule of findings and questioned costs.

#### NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED DECEMBER 31, 2014

#### 1. BASIS OF PRESENTATION

The accompanying Schedule of Expenditure of Federal Awards includes the federal grant activity of Otero County and is presented on the full accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Not-For-Profit Organizations Receiving Federal Awards.* Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in, the preparation of the Otero County financial statements for the year ended December 31, 2014.

#### 2. BASIS OF ACCOUNTING

Governmental funds account for the County's federal grant activity. Amounts reported in the schedule of expenditures of federal awards are recognized on the modified accrual basis when they become a demand on current available federal resources and eligibility requirements are met, except in the following programs, which are reported in the schedule of expenditures of federal awards on the cash basis:

| SNAP Cluster                                    | 10.561         |
|-------------------------------------------------|----------------|
| Relative Guardianship Assistance                | 93.090         |
| Temporary Assistance for Needy Families Cluster | 93.558         |
| Child Support Enforcement                       | 93.563         |
| Low-Income Home Energy Assistance               | 93.568         |
| CCDF Cluster                                    | 93.575, 93.596 |
| Child Welfare Services-State Grants             | 93.645         |
| Foster Care-Title IV-E                          | 93.658         |
| Adoption Assistance                             | 93.659         |
| Social Services Block Grant                     | 93.667         |
| Medicaid Cluster                                | 93.778         |

### 3. STATE INFORMATION TECHNOLOGY SYSTEM

The State of Colorado uses the Colorado Benefits Management System (CBMS) to assist counties with determining eligibility. The counties and the State split eligibility determination functions for certain federal Human Services' programs through CBMS. Counties are responsible for the data collection from applicants and the proper entry of this data into CBMS. Concurrently, the State maintains the computer system supporting the eligibility determination process and pays benefits to the participants. The actual eligibility and payment determinations are the State's responsibility utilizing CBMS

## 4. SUB-RECIPIENTS

Otero County provided federal awards to sub-recipients as follows:

| Special Programs for Aging Title III       |        |           |         |
