- 10. Discussion
- 11. Announcements

### April 8th, 2024

The Board of County Commissioners now meets pursuant to adjournment.

Present:

Rob Oquist Tim Knabenshue Chairman Commissioner

Jim Baldwin
Amy White-Tanabe

Commissioner Administrator

Lynda Scott

Clerk

Guests in attendance in person: Monica Banuelos, Danny Chavez, Bette McFarren, Gary Reed, Adrian Hart, Donna Rohde, and Jeff Curry.

Guests on Zoom: Cathy Garcia with U.S. Rep Lauren Boebert's office.

Chr. Oquist asked everyone to stand for the Pledge of Allegiance.

Chr. Oquist called the regular meeting to order.

Danny Chavez, OCLI Chair, spoke about the Return to Nature Funeral Home building that will be put in the landfill. The landfill is very well designed for this kind of disposal. The building has been completely cleaned and sanitized of all residual human remains. Gary Reed asked about the cost. Discussion was held.

Chr. Oquist called for approval of the consent agenda. The agenda includes approval of the minutes from March 25<sup>th</sup>, 2024, bills, and payroll for March 16<sup>th</sup> to March 31<sup>st</sup>, 2024. Co. Knabenshue motioned to approve the consent agenda. Co. Baldwin seconded. Motion carried.

Admin. White-Tanabe presented Resolution 2024-07 regarding the Stance Against the Sale of Agricultural Water for Municipal Use, Upholding Personal Property Rights. Admin. White-Tanabe read the Resolution in its entirety. Co. Baldwin motioned to approve the Resolution. Co. Knabenshue seconded. Motion carried.

Admin. White-Tanabe presented the Memorandum of Understanding (MOU) for the 16<sup>th</sup> Judicial District Attorney's office. This agreement is to provide an understanding of how funds will be provided to the District Attorney's office from the three counties in its district. The three counties are Otero, Bent, and Crowley. Co. Knabenshue motioned to approve the MOU. Co. Baldwin seconded. Motion carried.

Admin. White-Tanabe presented a bid acceptance for network infrastructure for the Sheriff's Office administrative building. There were two bids, one from Phillips Communications from Cheraw, CO., and one from Pueblo Electronics. The bid recommended is from Phillips Communications for \$29,341.00. Co. Baldwin motioned to approve the bid. Co. Knabenshue seconded. Motion carried.

Jeff Curry from Fowler, CO., came in to talk about child abuse and crimes that are happening in the Fowler area, around Hwy 167. He wanted the County Commissioners to be aware of the problem and wanted to know if there is anything that can be done.

Danny Chavez reported that several agencies helped with numerous fires in the area.

Admin. White-Tanabe reported that she attended many of the same meetings as the Commissioners and meetings for the Detention Center.

Chr. Oquist and Co. Knabenshue attended a few of the same meetings. They met with Senator Hickenlooper concerning water and property rights. Co. Knabenshue attended the town hall meeting with Rep. Ty Winter and Sen. Rod Pelton concerning upcoming legislation that could affect our area, and the Southeast Colorado Government meeting in Lamar.

Chr. Oquist also met with Senator Hickenlooper at the hosp that can help with the modernization and remodeling of rura		ney are trying to find funds
With no further business, the Board adjourned the meeting.		
Next meeting will be Monday, April 22 <sup>nd</sup> , 2024, at 1:30 pm.		
Clerk	Chairman

when the following proceedings were had and done, to-wit:

#### Resolution #2024-08

RESOLUTION AFFIRMING COMMITMENT TO PROTECT AGRICULTURAL WATER RIGHTS
IN THE ARKANSAS RIVER BASIN

WHEREAS, the Southeastern Colorado Water Conservancy District ("SECWCD") and the City of Aurora acting by and through its Utility Enterprise ("Aurora") entered into an Intergovernmental Agreement in October 2003 ("2003 IGA"); and

WHEREAS, the SECWCD and Aurora negotiated the terms of the 2003 IGA with the understanding that its terms are intended to protect future agricultural water ownership and use in the Arkansas River Basin; and

WHEREAS, the 2003 IGA has helped foster the relationships between water rights owners in the Arkansas River Basin and provided the foundation for subsequent agreements involving Aurora and other entities in the Arkansas River Basin, including the November 2003 Intergovernmental Agreement between Aurora and the Upper Arkansas Water Conservancy District; the May 2004 Intergovernmental Agreement between Aurora, the District, the Cities of Colorado Springs, Pueblo, and Fountain, and the Board of Water Works of Pueblo; and the 2011 Intergovernmental Agreement between Aurora and the Lower Arkansas Valley Water Conservancy District; and

WHEREAS, the SECWCD Board of Directors adopted Resolution No. 2024 - 03D on April 9, 2024, urging Aurora to refrain from violations of the 2003 IGA in the interests of regional cooperation and relationships between water rights owners and entities in the Basin.

## NOW THEREFORE, BE IT RESOLVED, by the Otero County Board of Commissioners that:

- 1. The Otero County Board of County Commissioners affirms its understanding that a central purpose of the 2003 IGA is to prevent Aurora from purchasing any additional agricultural water rights and permanently transferring those water rights out of the Arkansas River Basin for municipal use.
- 2. The Otero County Board of County Commissioners believes that Aurora's purchase at this time of additional Arkansas River Basin water rights for transfer out of the basin would violate the 2003 IGA, and Otero County Board of County Commissioners urges Aurora to refrain from or cease all such violations.
- 3. The Otero County Board of County Commissioners believes that the 2003 IGA is a foundational and beneficial document for the Arkansas River Basin, and that for the benefit of maintaining regional cooperation and relationships between water rights owners and entities in the Basin, both the SECWCD and Aurora must remain in compliance with the terms, conditions, and goals of the 2003 IGA.
- 4. The Otero County Board of County Commissioners supports SECWCD in its efforts to assure Aurora's compliance with 2003 IGA.

Adopted this 22nd day of April, 2024.

ATTEST:	BOARD OF COUNTY COMMISSIONERS OF OTERO COUNTY, STATE OF COLORADO:

#### Resolution #2024-09

# A RESOLUTION APPROVING LA JUNTA SOLAR I'S APPLICATION FOR A SOLAR FARM

WHEREAS, the County of Otero, Colorado has adopted a Planning and Zoning Manual; and

WHEREAS, pursuant to the Guidelines and Regulations for Areas and Activities of State Interest of the County of Otero, State of Colorado, La Junta Solar I, a subsidiary of Korsail, LLC, has requested the Otero County Permit Authority to consider an Application (both Pre-Application and Final Application, hereafter ("Application") for a permit to allow development in areas containing or having a significant impact upon natural resources of statewide importance pursuant to Chapter 6 of the "Guidelines and Regulations for Areas and Activities of State Interest of the County of Otero, as adopted May 18, 2004, amended and readopted in 2006 and 2017" (the "Regulations" or the "1041 Regulations"); submitted on approved application requesting a permit to allow development of a solar farm, hereafter ("Project"); and

WHEREAS, the application was set for hearing in accordance with Section 2.301; and

WHEREAS, a Notice of Permit Hearing was scheduled and conducted as required by the Guidelines and Regulations, and the Notice of Hearing was posted at the Otero County Courthouse and was also placed on the Otero County website together with the Zoom information so that the public could join in the hearing, and a copy of the Application was made available to the public prior to the hearing; and

WHEREAS, the Otero County Permit Authority held a public hearing on February 5, 2024 in a public session to discuss and review La Junta Solar I's Application for a solar farm; and

WHEREAS, the public hearing was held in accordance with Section 2.302 of the Regulations; and

WHEREAS, at the conclusion of the hearing, the Permit Authority took the matter under advisement and consideration, as provided in Section 2.303 of the Guidelines, and announced it would reconvene no later than 120 calendar days, to either issue a final decision or otherwise take other such actions as are allowed under the 1041 Regulations; and

WHEREAS, the Land Use Administrator determined the Application meets all the qualifications and requirements as required by the Otero County 1041 Regulations and submitted a recommendation to the Board of County Commissioners; and

WHEREAS, the Permit Authority is acting in accordance with Section 2.303(5) of the Regulations to issue a decision on the Permit Application; and

WHEREAS, the Board of Commissioners of the County of Otero believe the Project will be economically advantageous to the County of Otero.

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of the County of Otero, Colorado, sitting as the Permit Authority, makes the following findings and decision:

#### 1. APPROVAL

The Board of County Commissioners has approved La Junta Solar I's Application. This resolution constitutes the Permit (Permit).

#### 2. CRITERIA

The following criteria are those considered by the Board of County Commissioners in approving this Permit:

- a. Chapter 6 of the Regulations governs "development" within the designated area of interest to include the following activities, if proposed to be taken with respect to any single parcel or tract of land, for the selection and construction of major facilities of a utility.
- b. The Application is for a Solar Farm, which is a "power plant" within the scope of Section 6.103(8) of the Regulations.

- c. This Application requests the right to construct a solar farm in an area containing or having a significant impact on natural resources of statewide importance, pursuant to Chapter 6 of the Regulations.
- d. The Project, as proposed in the Application, falls within the scope of the Regulations, and in particular, Chapter 6.
- e. Section 6.302 of the Regulations establishes the criteria for review of a permit application under Chapter 6, and requires the Permit Authority to take into account multiple criteria, which include that the proposed development provide for adequate revegetation, that the development will not degrade existing natural scenic characteristics, create other nuisance factors, that the development will not impact water and air quality, and, importantly, and as relevant here: "the proposed facility will not create an expansion of the demand for government services beyond the reasonable capacity of the community or region to provide such services."
- f. Chapter 2 of the Regulation, entitled "permit regulations," governs the manner in which applications for permits under the Regulations are reviewed and processed by Otero County.
- g. La Junta Solar I has not challenged the applicability of the Regulations to its proposed project or that the project is a "power plant" within the scope of Section 6.103(8) of the Regulations.

#### 3. FINDINGS OF FACT

The following findings are made in accordance with the Otero County 1041 Regulations. Based on the information provided in the Application and the testimony and evidence provided at the public hearings in front of the Board of County Commissioners, acting as the Permit Authority, makes the following findings of fact:

- a. La Junta Solar I is a subsidiary of Korsail, LLC, a Colorado limited liability company.
- b. La Junta Solar I, a subsidiary of Korsail, LLC, is the lessee of the real property subject to the Application, more particularly described in Exhibit 1, attached hereto (the "Subject Property").
- c. The 560 acres located in Otero County, Colorado, which are the subject of the Application, had not been historically irrigated. There was NOT irrigation, and therefore the cessation of irrigation is NOT subject to the provisions of the Regulations.
- d. La Junta Solar I intends to revegetate subject property. La Junta Solar I has

- submitted a plan for revegetation as concerns the Subject Property consistent to the nature of the Subject Property prior to any construction activity.
- e. La Junta Solar I shall secure a revegetation bond in the amount of one million eight thousand dollars (\$1,008,000.00) (equivalent to \$1,800.00 per acre for 560 acres).
- f. Subject to compliance with the terms and conditions of securing the revegetation bond, a satisfactory program to mitigate and minimize adverse impacts has been represented in accordance with Section 6.304(1)(d).
- g. Subject to compliance with the mitigation terms and conditions set forth above, the benefits of the proposed facility outweigh the losses of any natural resources or agricultural lands rendered unavailable or less productive, and the proposed facility will not create an undue financial burden on existing or future residents of Otero County. Without these terms and conditions, the Application would be denied on the basis that Applicant has not met its burdens proving the facility complies with the criteria set forth in the Otero County 1041 Regulations in accordance with Section 6.304(1)(d).
- h. Subject to compliance with the terms and conditions set forth below, the nature and location of the facility complies with all applicable provisions of the Land Use Code of Otero County, and other applicable regional, metropolitan, state and national plans in accordance with Section 6.304(1)(e).
- i. Subject to compliance with the terms and conditions set forth below, the nature and location of the facility complements the existing and reasonably foreseeable needs of the service area and of the area immediately affected by the facility in accordance with Section 6.304(1)(f).
- j. Subject to compliance with the terms and conditions set forth below, the nature and location of the facility does not unduly or unreasonably impact existing community services in accordance with Section 6.304(1)(g).
- k. Subject to compliance with the terms and conditions set forth below, the nature and location of the facility will not create an expansion of the demand for government services beyond the reasonable capacity of the community or region to provide such services in accordance with Section 6.304(1)(h).
- l. Subject to compliance with the terms and conditions set forth below, the facility site is not in an area with general meteorological and climatological conditions which would unreasonably interfere with or obstruct normal operations and maintenance in accordance with Section 6.304(1)(i).
- m. Subject to compliance with the terms and conditions set forth below, the nature and location of the facility will not adversely affect the water rights of any upstream, downstream, or adjacent communities or other water users in accordance with

Section 6.304(1)(j).

- n. Subject to compliance with the terms and conditions set forth below, adequate water supplies are available for facility needs in accordance with Section 6.304(1)(k).
- o. Subject to compliance with the terms and conditions set forth below, the nature and location of the facility or expansion will not unduly interfere with any existing easements for or rights of way, for other utilities, canals, mineral claims, or roads in accordance with Section 6.304(1)(1).
- p. Subject to compliance with the terms and conditions set forth below, the applicant was able to obtain needed easements for drainage, disposal, utilities, access, etc. in accordance with Section 6.304(1)(m).
- q. Subject to compliance with the terms and conditions set forth below, adequate electric, gas, telephone, water, sewage, and other utilities exist or shall be developed to service the site in accordance with Section 6.304(1)(n).
- r. Subject to compliance with the terms and conditions set forth below, the nature and location of the facility will not interfere with any significant wildlife habitat or adversely affect any endangered wildlife species, unique nature resource or historic landmark with the impact area in accordance with Section 6.304(1)(o).
- s. Subject to compliance with the terms and conditions set forth below, the nature and location of the facility, including expected growth and development related to the operation and provision of service, will not significantly deteriorate air quality in the impact area in accordance with Section 6.304(1)(p).
- t. Subject to compliance with the terms and conditions set forth below, the geological and topographic features of the site are adequate for all construction, clearing, grading, drainage, vegetation, and other needs of the facility construction in accordance with Section 6.304(1)(q).
- u. Subject to compliance with the terms and conditions set forth below, the existing water quality of affected state waters will not be degraded below stated and federal standards or established baseline levels in accordance with Section 6.304(1)(r).
- v. Subject to compliance with the terms and conditions set forth below, the benefits of the proposed facility outweigh the losses of any natural resources or reduction of productivity of agricultural lands as a result of the proposed development in accordance with Section 6.304(1)(s).
- w. Applicant has provided wildlife and habitat impact reports, prepared by expert consultants, stating that the proposed facility will not adversely impact wildlife habitat or otherwise increase direct risks to wildlife, and that the proposed facility may actually improve wildlife habitat by providing more consistent cover than would exist when agricultural activities are occurring on a given parcel. Subject to confirmation

of the foregoing representations of the Applicant and compliance with the terms and conditions set forth below, the proposed facility is not expected to significantly deteriorate aquatic habitats, marshlands or wetlands, groundwater recharge areas, steeply sloping or unstable terrain, forests and woodlands, critical wildlife habitat or other wildlife protection areas, big game migratory routes, calving grounds, migratory ponds, nesting areas and the habitats of rare and endangered species, public outdoor recreation areas, and unique areas of geologic, historic, or archeological importance in accordance with Section 6.304(j).

- x. The Project does not modify the intent, purpose, and spirit of the Otero County Planning and Zoning Manual and further does not result in adverse impacts of a magnitude severe enough to undermine an environment harmonious with that of the surrounding properties; therefore, the Project does not adversely affect the public health, safety, or welfare and subject to compliance with the terms and conditions contained herein, the health, welfare and safety of the citizens of Otero County will be protected and enhanced in accordance with Section 6.304(1)(b).
- y. Subject to compliance with the terms and conditions set forth below, all reasonable alternatives to the proposed action, including use of existing right of way and joint use of rights of way wherever uses are compatible, have been adequately assessed and the proposed action represents the best interests of the people of Otero County and represents the best utilization of resources in the impact area in accordance with Section 6.304(1)(c).
- z. The Project complies with the approval criteria for a permit as set forth in the Otero County 1041 Regulations.
- aa. The Project use, a solar farm, is a use listed as a permitted use in the Zoning Districts where the Project will be located in Otero County.
- bb. The Project will be designed, constructed, and operated by a regulated and authorized company to meet or exceed federal and state electric transmission standards including the National Electric Safety Code.
- cc. The Project will minimally be economically beneficial to the County of Otero, Colorado. Among the minimal economic benefits, and in accordance with the applicable authority, (i) a use tax will be assessed on all Project construction materials purchased or used within Otero County; (ii) Otero County is subject to receive real estate taxes for the transmission right of way within Otero County from the state unit assessment; and (iii) the Project may encourage developers of renewable energy generation projects to interconnect energy resources located in Otero County.
- dd. Upon completion of Project construction, La Junta Solar I shall reclaim all disturbed ground, as best as possible, to as near a condition as existed prior to

construction as required in the Construction Stormwater Discharge Permit for the Project issued by the Colorado Department of Public Health and Environment (CDPHE Permit).

- ee. La Junta Solar I must comply with any/all revegetation and reclamation requirements that may be imposed by a CDPHE Permit, if so required by CDPHE, including proper topsoil handling, trenching, and stockpiling, site stabilization and erosion control, and revegetation soil preparation.
- ff. A CDPHE Permit compliance requirement may require La Junta Solar I to engage in the following: (i) La Junta Solar I conducts a pre-construction photographic inventory to document the preexisting conditions of the parcels to be disturbed by Project construction activities; (ii) La Junta Solar I will hire and use qualified inspectors to monitor compliance with the terms of the CDPHE Permit; (iii) La Junta Solar I will use qualified personnel to install and maintain physical control measures to prevent erosion and potential breaches of the controls during Project construction; and (iv) La Junta Solar I will use qualified personnel to complete restoration activities following completion of Project construction activities on all land disturbed by Project construction.
- gg. La Junta Solar I's due diligence to assess the presence of groundwater relative to the Project includes reviewing available well data and mapping, engaging with landowners to confirm well locations and gathering site-specific data on groundwater, and conducting soil sampling to evaluate sub-surface conditions and groundwater tables at each proposed location.
- hh. The Project will require temporary employment which will positively impact the County during the short-term construction, but will have a negative impact on the County when the temporary employment is no longer needed for the Project.

## 4. **CONDITIONS**

The Board of County Commissioner's approval of the Permit for the Project is conditioned upon the following:

- a. **Property Rights**. Prior to commencement of construction on each parcel of the Project in Otero County, La Junta Solar I shall provide proof to the County Land Use Administrator that La Junta Solar I has obtained the property right for each parcel necessary to construct on such parcel as part of the entire portion of the Project located in Otero County.
- b. <u>Reclamation</u>. La Junta Solar I shall reclaim all areas disturbed by Project construction outside of permanent Project facilities in accordance with the

- standards and terms of the CDPHE Permit for the Project as monitored by the qualified inspector or as specified in individual landowner easement agreements.
- c. <u>Sediment Controls</u>. Prior to Project construction, La Junta Solar I shall cause sediment and erosion controls to be installed in accordance with the CDPHE Permit or as specified in individual landowner agreements to deal with displaced soil.
- d. <u>Fire Mitigation</u>. During construction of the Project, La Junta Solar I shall, and shall require its contractors to, comply with utility industry standards, including modification of activities under red flag warnings, to mitigate fire hazards arising from construction activities.
- e. <u>Groundwater</u>. La Junta Solar I shall undertake to assess the presence of groundwater relative to the Project. La Junta Solar I shall evaluate options to avoid or mitigate any adverse material impacts if there is potential to affect groundwater with Project construction identified during La Junta Solar I's due diligence conducted during the planning and design phase. Upon completion of soils sampling for Project facilities, the boring holes will be properly closed.
- f. Geotechnical Reports. Geotechnical reports that are created for a parcel within Otero County for the Project will be provided by La Junta Solar I to the owner of that parcel, upon that landowner's written request to La Junta Solar I.
- g. Waste Materials. Waste materials generated by Project construction will be handled, stored, and disposed of in a manner that controls fugitive dust, blowing debris, and other potential nuisance conditions such as attracting rodents.
- h. Notice of Project Construction. La Junta Solar I shall provide notice to the owner of the parcel prior to Project construction commencing on that parcel.
- i. Annual Review. Within thirty (30) days prior to each annual anniversary date of the issuance of this Permit, La Junta Solar I shall submit a report summarizing Project construction activities conducted by La Junta Solar I and compliance with the Permit conditions occurring over the prior twelve-month period. Annual reviews pursuant to this condition shall conclude when construction of the Project is complete.
- j. Annual Report. Within thirty (30) days prior to each annual anniversary of the issuance of this Permit, La Junta Solar I shall submit a report providing the number of megawatt hours generated for the prior twelve-month period.
- k. <u>Inspections</u>. The County Land Use Administrator may request to conduct a site inspection of the Project at any reasonable time after providing La Junta Solar I with a minimum of 48 hours advanced notice so that La Junta Solar I can coordinate

such access in order to ensure the activities carried out on the property comply with necessary land rights and safety requirements.

- l. <u>Financial Impact.</u> La Junta Solar I has committed to being a collaborative and cooperative economic partner with Otero County. La Junta Solar I has committed to diversifying and supplementing the tax base of Otero County through further economic growth and development. La Junta Solar I has agreed to increase economic activity for the sole benefit of Otero County residents through a one-time lump sum payment of one hundred thousand dollars (\$100,000.00) to help off-set the effect on the County when the short-term construction work ends.
- m. **Project Decommissioning**. At such time as La Junta Solar I determines the Project transmission facilities are no longer required by La Junta Solar I for the transmission of electricity, and are at the end of their useful life and will not be replaced, the Project facilities and poles will be decommissioned and the site restored per the decommissioning plan, and in compliance with the terms of the private easements.
  - 1. Prior to any construction on the Subject Property, La Junta Solar I will post security through a decommission bond in the amount of three million six hundred sixty-seven thousand nine hundred forty-nine dollars and four cents (\$3,667,949.04) that shall remain in full force and effect for the life of the Project to be drawn upon by Otero County, in the case of Company's failure to satisfy its decommissioning and/or reclamation obligations.
  - 2. In the event of a default or failure by La Junta Solar I to complete the reclamation or revegetation process as set forth in this Resolution and the Land Owner is required to draw upon the Reclamation bond, and if the forfeiture of the Reclamation Security results in inadequate revenues to cover the costs of revegetation or other adequate reclamation of the subject property, then Otero County may assist Land Owner to pursue collection remedies as authorized by law, including, without limitation as provided for in Section 2.402(12) of the Regulations.

#### 5. GENERAL PROVISIONS

- a. This Permit authorizes La Junta Solar I to construct a solar farm in Otero County, Colorado on the real properties described in the Application, subject to the additional conditions set forth above.
- b. This Permit will be in force indefinitely, so long as the terms and conditions of this Permit are fully complied with, and shall be considered a Site-Specific Development Plan for the solar array use on the real properties described in the Application, pursuant to the Otero County 1041 Regulations and C.R.S. Section

- c. The development authorized by this Permit shall be at all times in accordance with the plans and/or specifications approved by the Board of County Commissioners as well as the regulations of the County of Otero, Colorado in place as of the date of this Permit.
- d. The development authorized by this Permit shall be in conformity with all applicable federal and state statutes, regulations and rules, as well as all applicable land use controls including, but not limited to, applicable comprehensive or master plans, subdivision regulations, and zoning in place as of the date of this Permit.
- e. If a landowner appeals this Permit to the district court in Otero County in accordance with Rule 106 of the Colorado Rules of Civil Procedure, La Junta Solar I will take all reasonable actions requested by the Board of County Commissioners by and through the County Attorney to assist Otero County in defending this Permit on appeal to minimize the county's reasonable attorney's fees and costs.
- f. In the event that La Junta Solar I fails to take substantial steps to initiate the above development or activity, which activity includes the acquisition of private property rights, within thirty-six (36) months from the date of this Permit, or if such steps are taken, in the event La Junta Solar I fails to complete the development or activity with reasonable diligence, this Permit may be revoked by the Board of County Commissioners, after a public hearing.
- g. The terms and conditions set forth herein shall be binding upon and run with the land, which is the subject of this Permit, and shall be enforceable against the successors and assigns of the County of Otero, Colorado.
- h. 1041 Regulations Incorporated. The 1041 Permit shall be subject to all applicable provisions of the Otero County 1041 Regulations.
- i. Other Otero County Regulations. The Permit approved by this Resolution does not constitute an exemption from Otero County's zoning, building, health or other applicable regulations and codes.
- j. Permit Amendment. Any material change in the construction, use, or operation of the Applicant's facility, together with the Applicant's commitments of record, shall require a Permit amendment under the Regulations. For these purposes, a material change shall be any change in the Development which significantly changes the nature of impacts considered in approval of the 1041 Permit. The Applicant shall notify Otero County of any change in the Development and Otero County shall determine whether an amendment or new permit is required.
- k. Access. Upon the issuance of the Permit, La Junta Solar I shall grant to Otero County easements for entry to inspect the Subject Property after decommissioning and revegetation as set forth in Section 2.503 of the Regulations.

1. Reporting. In lieu of the reporting schedule found in Section 2.404 of the 1041 Regulations, after the decommissioning and revegetation of the subject property, the Applicant shall submit a report detailing all past activities conducted by the Applicant pursuant to the Permit, and shall file a report in the month of September of each year thereafter until the Applicant obtains the Permit Authority's approval to terminate any further annual review requirements.

#### 6. OTHER PROVISIONS

- a. Revocation/Suspension. In the event of noncompliance with the terms and conditions of the 1041 Permit, the County may pursue revocation or suspension of the Permit, penalties or such other remedies as provided for in the 1041 Regulations and other applicable law.
- b. No Precedent. The terms and conditions of the 1041 Permit are unique to the circumstances of the present Application and are not binding precedent for future applications submitted to the County pursuant to the 1041 Regulations.
- c. Term of Permit. The 1041 Permit shall be valid indefinitely, provided that Applicant is in compliance with the 1041 Permit. The 1041 Permit may be revoked or suspended for failure to comply with its terms in accordance with the Otero County 1041 Regulations.
- d. Binding Effect; Transfer of Permit. The 1041 Permit is issued to and is binding upon Applicant La Junta Solar I Energy. The terms and conditions set forth herein shall be binding upon and shall be enforceable against the successors and assigns of the Applicant, La Junta Solar I Energy. The obligations set forth in the 1041 Permit concerning revegetation and reclamation shall be covenants and servitudes upon the Subject Property until the Subject Property has been fully reclaimed or revegetated as more fully set forth in Section A above. These obligations shall remain enforceable against La Junta Solar I Energy and binding upon La Junta Solar I Energy whether or not all or any portion of the Subject Property is conveyed to others. The 1041 Permit may only be transferred or assigned in whole or in part upon written approval of Otero County in its sole discretion.
- e. Recording. The 1041 Permit (attached as **Exhibit I**) and all Exhibits are hereby approved and shall be recorded together with this Resolution in the Otero County Clerk & Recorder real estate records.
